

CLEAR People

Chris Pipe

Account Executive

How do you define your role at CLEAR?

I am an Account Executive for the Corporate Team at GTS. I manage a varied book of accounts in both size and industry. I have worked in the industry for over 20 years (I know I don't look old enough!) and during this time built up an in-depth experience of the corporate insurance market. I strive to provide my clients with a first-class service with a prompt response time at the heart of everything I do. As well as looking after an existing book of clients I also love working with new prospects; I get a real buzz from meeting new people, understanding their business and in turn producing innovative solutions to their insurance requirements.

What is your CLEAR journey?

I joined CLEAR in July 2020 slap bang in the middle of a global pandemic! Being onboarded remotely and not meeting any of my new colleagues in person for several months was a strange experience. Thankfully, my team are a great bunch and made me feel very welcome and part of the group via Zoom quizzes!!

What is the best thing about your team and branch?

I may be a little biased, but I work for an amazing team within CLEAR! We have a great mix within our team in terms of experience and sector knowledge; everyone's willing to help each other whilst striving towards our joint goals, and we are driven by a management team who genuinely care. It's a pleasure to come to work with my colleagues.

What is the best thing about being part of the CLEAR Group?

The best thing about CLEAR is the culture, hands down. We are unique in the sense that we are still truly independent, and despite rapid growth we have managed to maintain the feeling that you individually really matter.

What do you bring to the party?

I like to think I am someone who my colleagues can come to should they need help professionally or personally. I am a member of CLEAR's Wellness Committee and a trained mental health first aider. I pride myself on being adaptable to my audience and happy to talk about football, cake making or Love Island! I am a firm believer of a positive mentality being key to success at work and in your private life and try to portray this as much as possible.

If you won the lottery, what would you do?

If I won the lottery I would buy Colchester United's stadium. It is currently owned by the council, and I would gift it to them in return for it being called "The Chris Pipe Stadium" and having a statue of myself outside!
