## Legal answers and customisable contracts written by top UK lawyers

The traditional law model is a bad deal for small and medium sized businesses (SMBs), it is too expensive, offline and inaccessible. Small medium enterprises (SMEs) do not have good alternative choices, often relying on Google for mixed-quality answers and boilerplate templates.

**The 2018 YouGov survey report into SMBs and their legal issues highlighted :**

- The average SME is likely to encounter more than 8 legal issues a year
- Only 1 in 10 businesses seek legal advice when they have a legal need
- On average a lawyer will charge around £250 per hour and even a relatively straightforward document could take 3-4 hours to produce.

**The 2018 Legal Services Board Report on SMBs highlighted :**

- The average monetary cost to SMEs as result of legal issues is £6.7k per annum
- A £40bn annual estimated financial impact of legal problems experienced by SMEs
- Only 11% agree that "lawyers provide a cost-effective means to resolve legal problems."

Sparqa Legal solves many of these problems by providing a high quality and cost effective digital lawyer service for UK businesses. The online portal enables you to create NDAs, T&Cs, Staff Contracts and much more at a fraction of the cost of using a lawyer
